

Declaration Regarding GST and MSME Status

We, **AR Rocky Cafe**, hereby declare that we are a **Micro, Small and Medium Enterprise (MSME)** operating as a small-scale vendor. Our aggregate annual turnover is currently **below the prescribed threshold limit for GST registration** under the provisions of the Goods and Services Tax Act, 2017.

As per the applicable GST rules, businesses with turnover below the threshold limit are **not required to obtain GST registration**. Therefore, we do **not possess a GST number** and will **not be charging GST** on any of the invoices, bills, or transactions executed under this agreement.

All payments will be considered as the final agreed amount between the **Client** and the **Vendor**, without any GST component. We assure that this declaration is true and made in good faith as per our current business turnover status.

In case our turnover exceeds the prescribed limit in the future and we become eligible for GST registration, we shall **intimate the Client immediately** and comply with all necessary statutory requirements thereafter.
